

EVIDENCE and REFLECTION

Experience #

Students complete a reflection and show evidence at the end of each SA experience. The reflection must use *specific* examples and evidence to demonstrate growth and should reference the learning outcomes selected on the proposal.

Evidence

For each of your experiences, you will want to show evidence of your participation. Collect evidence in a format you are proficient in managing and sharing with your teacher. Examples include:

- Journals kept during work – these can be paper or electronic.
- Video. You can make a video of the event, during the event or create a video reflection after the event.
- Photos
- Links or websites that showcase the event
- Files (ex. E-mails verifying participation, certificate of participation, thank you letters, etc.)

Reflection

You may complete an open-ended reflection using the guiding questions below, or answer the reflection questions found on the last page of this handout.

- Describe the experience you had. What did you feel, think, notice or wonder?
- What value did the experience have? How could you continue your involvement?
- Identify the learning outcomes you selected. What did you do that helped you meet the learning outcomes?
- Provide *specific* examples of your growth as a result of participation in the activity.
